DISTRICT SCHOOLS ACCOUNTABILITY SUMMARY

This page summarizes outcomes for schools in this district. It is for information only. School report card scores do not factor into district scores. Instead, to determine the district's scores and rating, all students in the district, including those in alternate accountability schools, are treated as one district-wide student body.

Distribution of Schools by Rating

This table lists the number and percentage of schools in each of the five rating categories as determined by the schools' overall scores.

Rating Category	Number of Schools	Percent of Schools
Significantly Exceeds Expectations	0	0.0%
Exceeds Expectations	1	25.0%
Meets Expectations	3	75.0%
Meets Few Expectations	0	0.0%
Fails to Meet Expectations	0	0.0%

Alternate Accountability Schools

Schools that are new, small, or do not have grades in which state tests are taken lack the data needed to receive an overall score and rating. Instead, these schools participate in an alternate accountability process and receive one of two ratings based upon results of a district-supervised self-evaluation. Alternate accountability ratings for schools in this district are summarized below.

Alternate Accountability Rating Category	Number of Schools	Percent of Schools
Satisfactory Progress	0	0.0%
Needs Improvement	0	0.0%

School Score Summary

This table does not include alternate accountability schools.

GROWTH

This priority area measures year-to-year student progress on statewide tests. It uses a value-added model that seeks to control for circumstances beyond the influence of educators. A high value-added score means that on average students in the district are progressing more quickly than other, similar students. Growth is scored from 0 to 100 to match the other priority areas and is a conversion from the roughly 0 to 6 value-added score.

Priority Area Score

English Language Arts Score: 64.1
Mathematics Score: 71.7

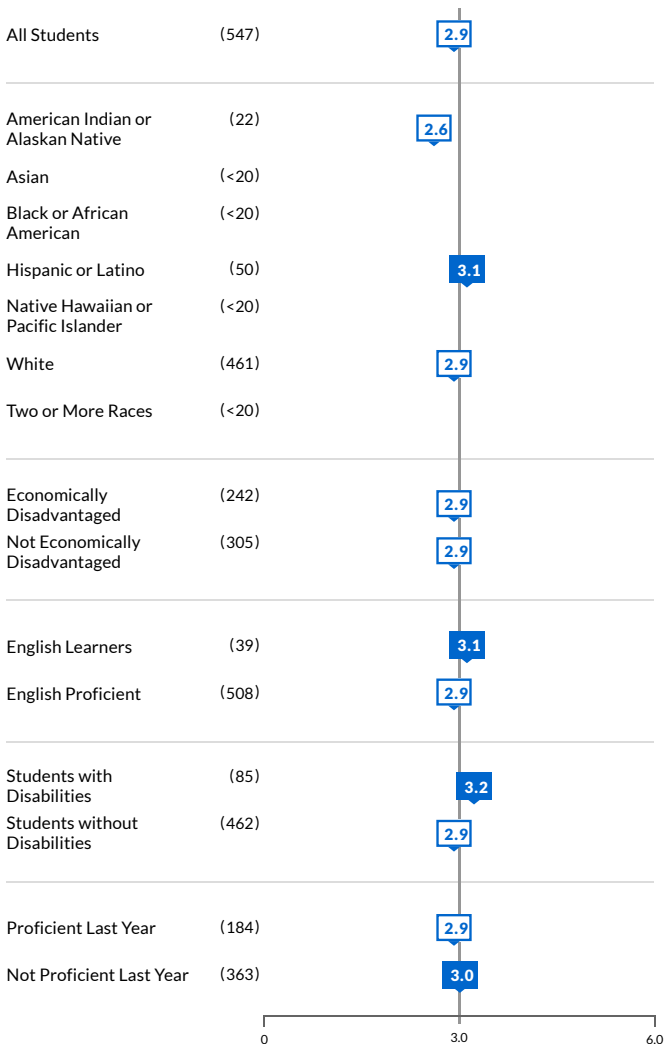

■ This district's score was the same or higher than 66.3% of districts in the state.

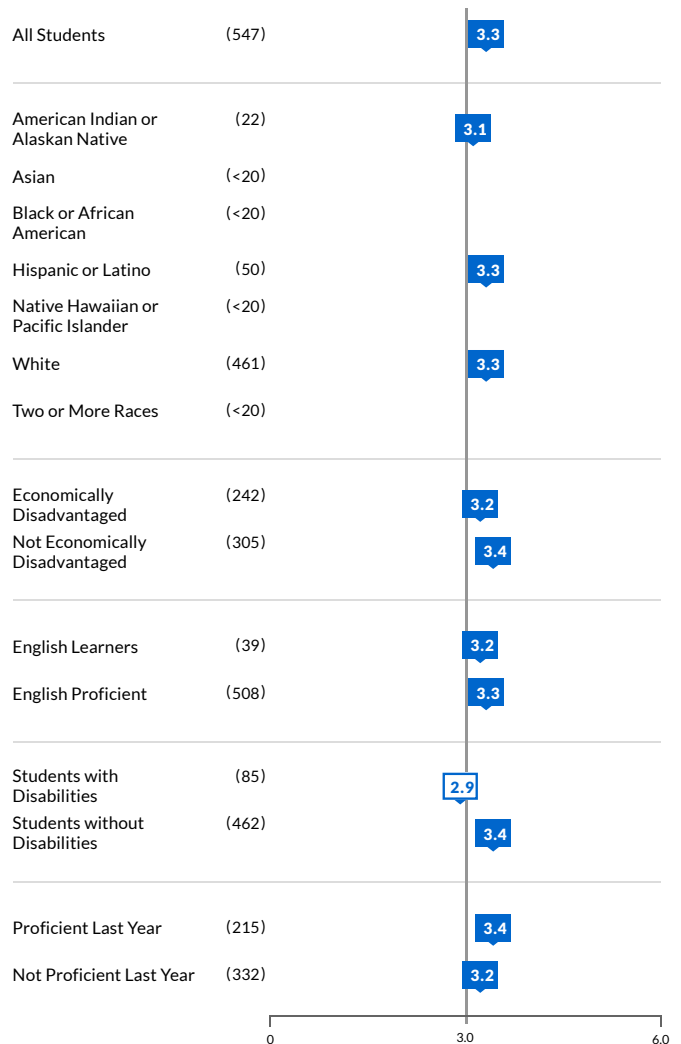

Student Group Value-Added (for information only)

Value-added scores cover an approximately 0-6 range. Higher scores mean greater positive impact. A score of 3.0 is average. Group size is shown in parentheses. Groups with fewer than 20 students do not have a score displayed. Shaded boxes indicate higher-than-average scores.

TARGET GROUP OUTCOMES

This priority area examines outcomes for students with the lowest test scores — the Target Group. It is designed to promote equity by helping districts focus on learners who need the most support while also improving outcomes for all students. The priority area score combines component scores for achievement, growth, chronic absenteeism, and attendance or graduation rate. Data are not displayed when target groups have fewer than 20 students.
